ELMWOOD PARK HIGH
SCHOOL

Elmwood Park,

Illinois

The
SCROLL
Presents
Birth of a School

This school, like this book, reflects new ideas and events throughout one year. These thoughts began from a dream, and this past year they became a reality. Although our school is still growing, this past year shows a lively school spirit, exciting activities and a well rounded school program; but most of all this past year leads the way toward bigger and better ideas and events to develop in the future.

The barracks served as a temporary school while Elmwood Park High School was being constructed.

WE DEDICATE THE SCROLL TO ..
Gerald W. Smlth *Smith*

Our superintendent is honored and appreciated by all for his faithful and hard-working attitude toward the progress of our school. This attitude has encouraged the students and the faculty alike in giving them incentive and guidance to keep them on the right path. His cheerful and friendly personality also gave us strength to go on when our troubles seemed unending, and now due to his tireless efforts of leadership, a growing school spirit has developed, and a smoothly run school is now in operation. Therefore, we of the Scroll Staff gratefully dedicate to Mr. Smith this book in hopes of showing our deep gratitude for all that he has done in the past three years for Elmwood Park High School.

Pioneers of 1957

As our permanent school was being constructed and completed, our students and faculty had many handicaps to overlook such as lack of equipment and facilities. But we, the pioneers, enjoyed every minute of watching and aiding the progress of our school.

Seniors of 1956

The last year seniors — Ingerborg Bader, Fred Belastro, Ronald Briscoe, Jack Devine, Lou Ann Epstein, Viola Erickson, Thomas Fanella, John Giannoules, Kenneth Gundersen, Allan Koepke, and Vincent Lombardo — chose to finish their last year of high school at Elmwood Park High, and their presence surely added to the liveliness of the school.

The Junior Class

The juniors, as influential upperclassmen, gain many new opportunities. They begin to assume leadership in school affairs by organizing the Junior-Senior Prom and by purchasing class rings. Also, they start specializing in various subjects as secretarial or engineering courses. Thus, as juniors, they become a significant part of our student body.

The Sophomore Class

As Sophomores, many new ideas and impressions begin to form and take hold in connection with the school and its activities. They find themselves feeling a part of the school while participating in more activities. In classes or at clubs, they find that they gain more freedom and rights, but above all they begin to plan for bigger and better things for their class in the future.

Our school's Sophomore Football Team had numerous disadvantages to overcome such as losing many players to the Varsity Team and playing against many experienced and well-known teams; but the team with the help of its coaches, Mr. Ellis and Mr. Glad, didn't let these minor difficulties stop them from becoming a hard-working successful team.

The Freshman Football Team, which surprisingly enough had the best season's record, claimed great honors for the school as this team won all games except one. This amazing record was due in part to Mr. Smith's and Mr. Grady's encouragement and guidance, but most of the credit should be given to the team for its industrious work and never-ending efforts.
